

LOADING ARMS

Options.

1. Swivel brakes.
2. Flow meter and batch counter. See Techspec: 1?? "Flow Meter, Batch Controller."
3. Anti-hammer device.
4. Position feedback devices. Pleas call to discuss requirement.
5. Counter weight
6. Gas spring counter balance, usually standard and mutually exclusive to option 5. See Techspec: 111 "Gas spring counter balance"
7. Ball Valve. Other valves by application.
8. Vacuum breaker. Allows automatic drainage of the drop pipe after filling.
9. Cone for lorry and train man holes. Used house level sensors and reduce risk of contamination. See Techspec: 105 "Cone"
10. Drip bucket hook.
11. End fitting. See Techspec: 1?? "End fittings"
12. Bottom sensor. For filling application where the drop pipe should be in contact with the bottom of the tanker. The sensor can wired intrinsically safe and explosion proof.
13. Steam jacketing. (not shown)
14. Heat tracing. (not shown)
15. Vapour return. (not shown)

All designs can be modified to suit your exact requirements.
We also supply standard, special and multiport swivel joints.
